

OARC FREE Technician License course

OARC is sponsoring a FREE Technician License course starting **January 8, 2025**. It will be a hybrid course in-person / zoom and will be located in-person at **Weber State University, Noorda Engineering building (1465 Edvalson Street) Room 304 (on third floor) from 6 - 9 pm each Wednesday evening (zoom link startup about 5:30++ pm).**

NOTE: WSU does not enforce parking after 4:30 pm and there is ample parking near the building.

We use the Stu Turner material for the class. You will benefit from obtaining the Stu Turner manual that follows along with the presentation materials for the course. It is a great reference for future use as well. You may obtain a manual from Amazon. Here is a link to find it on Amazon.

Amazon.com: [Tech License Manual](#)

Here is the zoom link that will be used each week, if you are unable to attend in person. It will be activated about 1/2 hour prior to each Wednesday's class session.

[Zoom link: us06web.zoom.us:](https://us06web.zoom.us)

Feel free to invite all who wish to learn. We will offer an exam session the first Wednesday in February to obtain your FCC license.

Please remember that the zoom link will only work during class nights and will be activated shortly before 6 PM.

WSU Map follows below...

In case you need more information, here is the complete zoom info:

Topic: OARC TECHNICIAN CLASS

Time: Jan 8, 2025 06:00 PM Mountain Time (US and Canada)

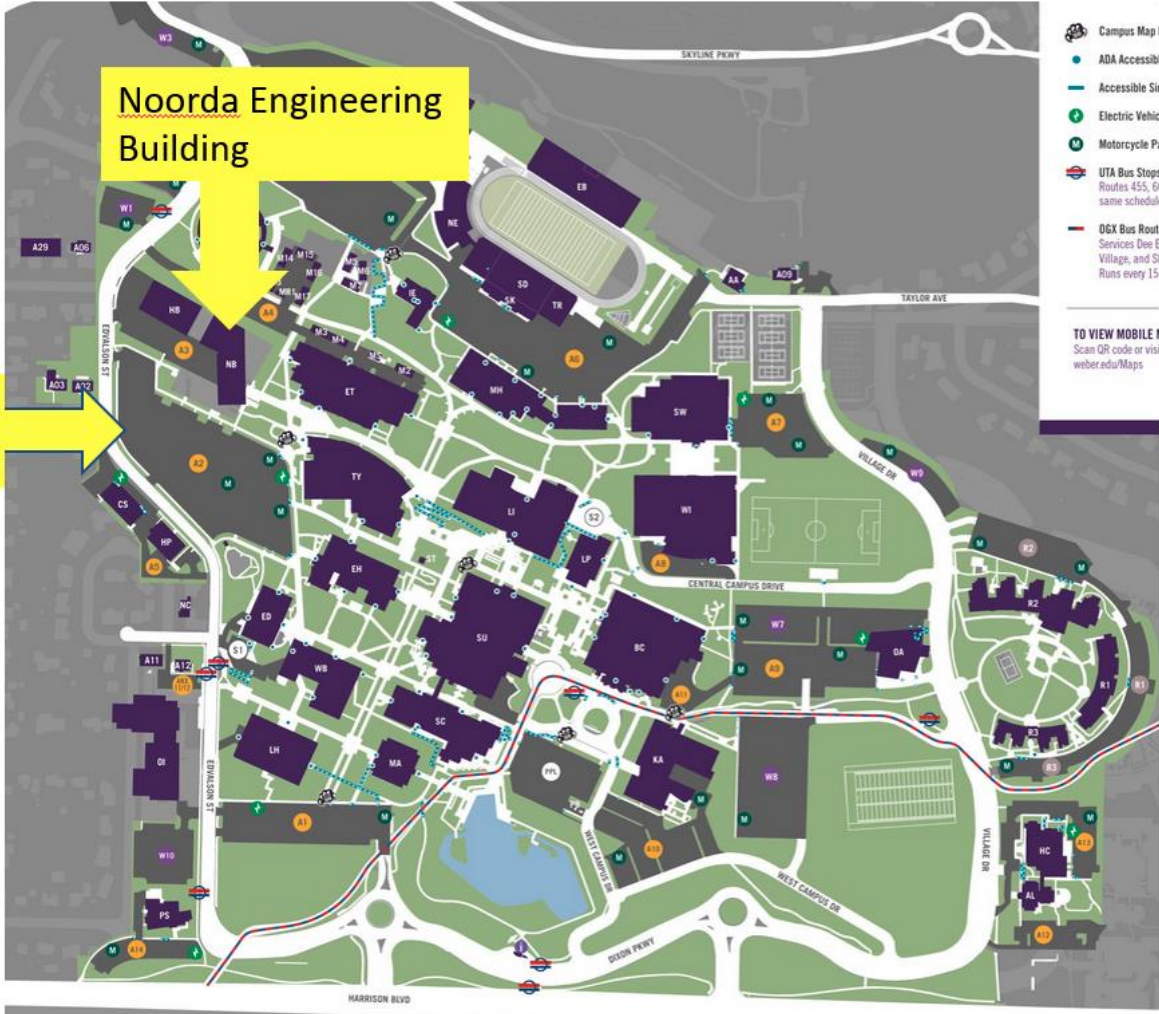

Every week on Wed, 5 occurrence(s) Show all occurrences

Meeting ID: 822 0981 1511
