

# Ogden Amateur Radio Club Club Meeting and Activity for September Radio Poker Run September 16-21, 2019

## WHO MAY PARTICIPATE?

This event is open to all currently licensed amateur radio operators within the range of the W7SU repeaters.

## GOAL

The goal of this event is to have fun, exercise our license privileges, become more familiar with our repeaters, make new friends, become more comfortable with our radios, and have fun.

## OBJECTIVE

Collect a maximum of 5 playing cards, one from each of 5 different dealers to create a poker hand.  
It is possible that a player may not be able to collect 5 cards.  
There will be a total of 261 playing cards available.

## HOW TO PLAY

Player may begin requesting cards from a Dealer beginning September 16, 2019.  
Cards will be available until September 20, 2019 at 10:00pm local or until all cards have been requested.  
Each player can attempt to collect up to 5 cards.  
Each player may only request one card from each dealer.  
It is the players responsibility to contact each of the five dealers to request a card.  
Card request must be initiated by the player only.  
No request for cards are allowed during any net activity.  
Cards not requested or claimed will be out of play and will not be re-issued.  
Cards will be available for collection at the Club meeting location.

## Club Meeting

Saturday 21, 2019 at 10:00am

Meeting location and details are posted below.

Hot dogs, chips, and water will be served by the Club.

## REQUEST A CARD

A call, by radio, must be initiated by the player to each dealer in order to receive a card.  
To receive a card, the player and the dealer must exchange the following information.

Call sign, name, and a specific request for a playing card.

There will be 5 decks of 52 cards and 1 joker, for a total of 261 cards.

There is a possible of 52 – 5 card hands.

Depending on number of participating players, it may not be possible for all players to collect 5 cards for a 5-card hand.

## JOKER

There will be a single (1) joker available out of 261 cards dealt.

Joker can be used as an Ace or in straights and flushes.
