

# Michael "Mikey" Lewis Hinckley

Nov 23, 1935 - Jun 20, 2021

Dad passed on father's day surrounded by love. He had many passions including fast cars, motorcycles, food, music, travel, hunting, fishing, tennis, and much much more. He found love with 4 amazing women which brought several amazing kids, grandkids, and great grandkids into his life. He grew up on a farm in Provo with 2 brothers (Chad and Jerome) and one sister (Patricia). Life on the farm taught him to work hard...but play harder. He entered the Airforce and learned electronics. **From there he started a career for IBM.** His dream was to own his own business so together with his partner Betty he started Mr. Muffler. Their hard work paid off and they enjoyed a comfortable life before and after retirement. His life's motto was: Drive Fast, Spend lots of Money, and have Fun! His years in Ivins with Renee provided many fun memories for Dad and his family. He loved his Red Mountain. A celebration of life will be held at Warehouse22 in Syracuse Utah, Aug 1st 2021 from 4-6pm (please text a RSVP to 1-480-529-0579).
