Craig's Corner - A Message from our President

April 2026

By Craig Howe W0VRM

Hello ham family,

Service season is coming upon us again. A couple of folks to contact if you would like to help out with aid stations or as a SAG driver are Annette Laugh-ter and Brent Chambers.

I was able to help with the Emigration Canyon Half Marathon on April 4, 2026. Annette also helps to coordinate other events as well throughout the sum-mer. Send her an email if you would like to participate in more events.

Annettelaughter@yahoo.com

Brent Chambers coordinates the Huntsman Sportsfest which is another of my favorite events to assist with.

bchambers@huntsmanfoundation.org

Speaking of service, our Club Meeting this month is April 18, 2026 at the Roy Library. IT WILL BE AT 10:00 AM, because that is when the library opens.

Continued ...

The topic is offering service to the club and a dive into how the club operates. We will have reports from each of the club officers about their responsibilities and what they have learned. We will also learn about the inner workings that hold the club together.

It will be very informative and will offer time to consider what ways you may wish to assist the club as our elections are coming up in August. Each officer term is one year and every officer position is available each year. This August I will not be running for President again after this third term.

We anticipate a great event on May 9, 2026 at Golden Spike. We will set up about 8:30 AM and operate until about 4:30 PM when we need to take down before the park closes.

June 27 & 28, 2026 is Field Day !!

July 18, 2026 is our annual Fox Hunt. Find the transmitter and get breakfast!

Invite friends and family to join in the fun!

73,

Craig W0VRM

A MESSAGE FROM OUR VICE PRESIDENT

April 2026

By Justin Hall KB7LAK

Greetings to the members of the Ogden Amateur Radio Club! Happy April. We have a lot of activities coming up in a row. I'll be speaking on the Vice President duties this month at the meeting at the Roy Library. But May is Golden Spike- it's always an adventure out there. I've missed the last few years, but I don't believe I have anything going on this time, so I want to be there to help set up, operate, and see how we do.

June is Field Day. That's an important weekend for the Ham Community. We test out things, and I'll have a battery bank there that I'm building. 300 Ah LiFePO4 batteries that will have a solar panel to try to keep up with at least one radio, maybe two? I've done it in the past with smaller batteries. (If I still lived in Nebraska, I'd just buy a wind turbine generator and run everything on that- sometimes we get interesting weather patterns around here, though). So I'm excited to put them through their paces.

July is the Fox Hunt, and I never find it, despite it being pretty close. We'll try it again this year. Usually, I get too hungry to keep looking.

August is the annual Steak Fry- what a great time. Nothing wrong with a steak in the park with friends.

I learned something at the Digital Communications Conference. It was about this meshtastic craze. Hams are just hackers with a license.

Whatever you're into, thanks for your support of the club at the meetings and activities. Ham radio is the world's greatest hobby, and it's the people that make it that way. I go ride in the mountains on my motorcycle, and I'm glad to know that where there isn't cell service, there's always a way to get a signal out with ham radio, so I don't worry as much. There's plenty of stories out there about ham radio saving lives, so don't forget that. Welcome spring! (Don't put the snowblowers away just yet. And if you're over 50- throw the snow shovels away.)

ARRL AFFILIATION

Check the OARC Membership Roster to ensure correct info for your:

Call Sign, License Class, ARRL Membership "Yes" or "No".

Email the OARC website if you have any discrepancies.

Thank You, 73

The Ogden Amateur Radio Club is an ARRL affiliated member club and has been since 30 January 1937. To maintain our affiliation, OARC must have at least 50% of our members to also be ARRL members.

So, if you are not already an ARRL member consider joining ARRL. For your membership you can choose between two different magazines that will be mailed to your home, the QST magazine or the On The Air magazine. Members can also view either magazine in digital format online each month.

OARC HAM RADIO EQUIPMENT LOAN PROGRAM

Launched on OARC Website

The OARC Ham Radio Equipment Loan Program is a new program that has been conceived to provide new or inexperienced OARC member hams use of donated/loaned equipment for a limited time use while deciding how to move forward in the hobby.

Equipment can be checked-out for a period of two weeks. If requested, an additional two week extension may be granted if no one else has a request for the same equipment pending. More than one item can be checked out if the other items are related by use.

To check-out a specific piece of equipment, send an email to the OARC club email address w7su@arrl.net with the subject="equipment loan" indicating your choice of equipment. You must be a current member of OARC to participate.

CONTACT: Scott Warren 801.499.494

SWAP ITEM # 273

FOR SALE: KENWOOD TS590SG & Matching PS60 Power Supply

Selling my Kenwood TS-590SG & matching PS-60 Power Supply that is in “as new” physical condition and is 100% in its electronic condition. They are both without any flaws. Reason for selling; I upgraded and bought the TS-890S. **Willing to sell just the TS-590SG for \$1300 because I can use the PS on my new rig.** Installed are the Kenwood SO-3 TCXO and VGS-1 voice memory module. It has been used sparingly by me with no contest or high-volume usage in a climate controlled, non-smoking environment. It is also covered when not in use and comes with custom cover. The receiver is a joy (competes favorably with high end rigs on Sherwood’s Rx ranking). The features set of this transceiver is remarkable. The TS-590SG is considered by many the best price/value in its class. You will not be disappointed. Original box, manual and all original Kenwood accessories included. Retail on this setup is well over \$2,000 even with Kenwood's sale going on.
